

2012 National Maternal Nutrition Intensive Course

July 25-27, 2012

University of Minnesota, Minneapolis Campus

On-site and distance education opportunities available.

Topics include:

The National Maternal Nutrition Intensive Course is offering online access to select sessions.

- Community-Based Approaches to Childhood Obesity Prevention: Integrating Schools, Food Stores, Worksites and Households
- Nutrition Issues of NICU Graduates
- Nutrition and Gene Expression
- Nutrition and Birth Defects: What's Known, What's New
- New Tools to Reduce Overfeeding: Helping Parents Understand Their Babies' Behavior
- Maternal Depression and Infant Growth: An Epidemiologic Perspective
- Maternal Feeding Styles
- Using the WHO Growth Charts to Identify Infants With Slow Growth
- Failure to Thrive
- Fearless feeding: A 21st Century Approach to Childhood Nutrition

To receive a group discount, we need to enroll a minimum of 10 people, currently I have 3 people interested. Please email me at mduval@mt.gov no later than July 10th if you would like to sign up for the course. The course will be available online from August 17th to October 19th and could have up to 12.5 continuing education credits. They are currently seeking approval from the American Dietetic Association for continuing education hours.

Upcoming webinars from the ILCA include:

Wednesday, July 11, 2012 — 11:00am - 12:30pm Eastern Daylight Time USA
